Sir :

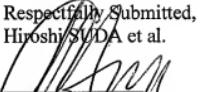

This is to make of record a November 25, 2008 telephone call between Examiner Chiesa and Applicants' representative Arnold Turk.

During the telephone call the Examiner indicated that the record will be corrected to correct the citation of Japanese Laid-Open patent Publication No. 62-144774 and its English language abstract in the Information Disclosure Statement filed January 12, 2006, which were incorrectly listed as Japanese Laid-Open patent Publication No. 62-144744 and English Language Abstract of JP 62-144744. The Examiner indicated that the correct documents were in the file and considered, and that he will forward a communication including the corrected citation so that the face of the issued patent will reflect the correct information.

If any fee is deemed necessary for consideration and/or entry of this paper, the Patent and Trademark Office is hereby authorized to charge Deposit Account No. 19-0089.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,
Hiroshi SUDA et al.
